

NSF Registration

The NSF Nonfoods Compounds Registration Program is a continuation of the USDA product approval and listing program, which is based on meeting regulatory requirements including FDA 21 CFR* for appropriate use, ingredient and labeling review.

“The Wonder Gel Stainless Steel Pickling Gel and the Derustit SS-3 Stainless Steel Pickling Cleaner are acceptable for use as an acid cleaner (A3) in and around food processing areas, where its use is not intended for direct food contact. Use of this product in food processing or handling facilities requires that all food products and packaging materials be removed or protected prior to product use. A potable water rinse of clean surfaces is required after use of this product. When used according to manufacturer’s instructions, the cleaner shall neither exhibit a noticeable odor nor leave a visible residue.”

Listing of Nonfood Compunds at the NSF website:
